BVS VISION
Our students will graduate as happy, confident individuals who do their best to communicate and interact positively with others, be as independent as possible and make their own choices, be actively involved in and contribute to their community, continue to learn and experience success in their future pathways.

PRINCIPALS REPORT

MIDYEAR REPORTS
Teachers are currently busy assessing student progress towards their learning goals, and writing end of semester reports.

These will come home at the end of term, and parents and students will be invited to attend Student Support Group meetings early next term to celebrate student success.

AQUATIC LEARNING PROGRAM
We have had a very successful swimming program this term even though the colder weather has meant lower student numbers have been involved.

Our thanks go to all of the volunteers who have supported this program, without them we would find it difficult to run the program.

Anyone interested in becoming a volunteer at our school, please speak with Bill Field, our Volunteer Leader.
